DEPARTMENT OF VETERINARY AND ANIMAL HUSBANDRY SERVICES IN MYSORE, BANGALORE.

Notification dated 31st July 1948.

No. A. 1.94-45-6. For the immediate benefit of the cattle owning public the Government of Mysore are pleased to sanction a scheme of artificial insemination and this Department has already started two such centres—One at the Veterinary Hospital, Bangalore City and another at Mysore City, with highly pedigreed bulls of Scindhi, Hallikar and Murrah buffalo breeds. The following are a few among the advantages offered by this new method:—

1. The off-springs will be of guaranteed purity and utility.
 2. The method ensures uniformly good results irrespective of the number of cows and buffaloes brought for service and there is no fear of the services becoming ineffective from overuse of the bull.
 3. The method is absolutely free from any harmful effects either on the cows or their progeny.
 4. The cow or buffalo should be brought for service within 12 to 24 hours of coming to heat for guaranteed results.
 5. No fee is charged at present.
- The public are requested to unhesitatingly avail of this opportunity of improving their cattle wealth.
